“Hazing practices are carefully guarded secrets within organizations”

What is hazing?

Hazing occurs when a service member causes another to be exposed to cruel, abusive, humiliating, oppressive, demeaning or harmful activities. Hazing is not limited to physical acts, but can include verbal or psychological actions designed to cause harm to another Sailor. The full definition of hazing can be found in [SECNAVINST 1610.2A Paragraph 6, Section A](#).

This behavior is contrary to the Navy's core values of Honor, Courage and Commitment and has no place in our Navy.

Integrity @ Defence ? Why ?

- ❑ Armed Forces and its personnel are expected to « lead by example » and « set the example »
 - Expectation = each military and civilian member of the BE Armed Forces
 - is expected to act and behave in an ethical manner in all circumstances and in conformance with the norms and values accepted in society
 - not only when carrying out its mission
 - but also while not « on duty »
 - both on BE soil or when abroad.

Example : media in BE always mention that a person belongs to the « military personnel / armed forces » when any type of illegal conduct is reported in the press

- ❑ New evaluation system (as of Jan 2020)– professional evaluation
 - **Ethical behaviour** will be evaluated during statutory evaluation (GO/NOGO)
 - As a **generic behavioural competence**
 - Is supposed to be present in each member of the BE Armed Forces, irrespective of type of function or level of command

LA-DÉFENSE

Integrity @ Defence ? Why ?

❑ Legislation

- BE Armed Forces are **applying applicable legislation**
- will **grant** military and civilian personnel **direct access** to a person of confidence for integrity matters (PCI) allowing them to report (whistleblowing) a suspected integrity breach.

❑ ICS (internal control system- integrity policy plan extract)

- *Within the societal framework in which BE Armed Forces operate ...*
- *and taking into account the expectations regarding the respect of shared norms and values*
- *good governance and internal control, embedded in a healthy organizational culture, are key to a meaningful, integrity driven and future oriented functioning of the Armed Forces.*
- *The integrity policy is embedded in the objectives of internal control and ICS, more specifically in relation with the general objective regarding ethical behaviour.*

Integrity @ Defence ? Why ?

❑ FIA – Federal Internal Audit service

- By means of legal clauses , FIA is “the new watchdog” and is looking into the effectivity of the whistleblowing procedure for suspected integrity breaches
- Initiatives regarding fraud prevention

What are the integrity policy objectives ?

Based on the CHOD tasking a **comprehensive integrity policy** will be implemented from 2019 onward.

BE Armed Forces have chosen an **integrated approach** toward a full implementation of all aspects related to integrity, which is visualized in a clear model. The policy is explained by means of a **Policy Statement** and a **Policy Plan for Integrity 2019-2022**.

The policy objectives are :

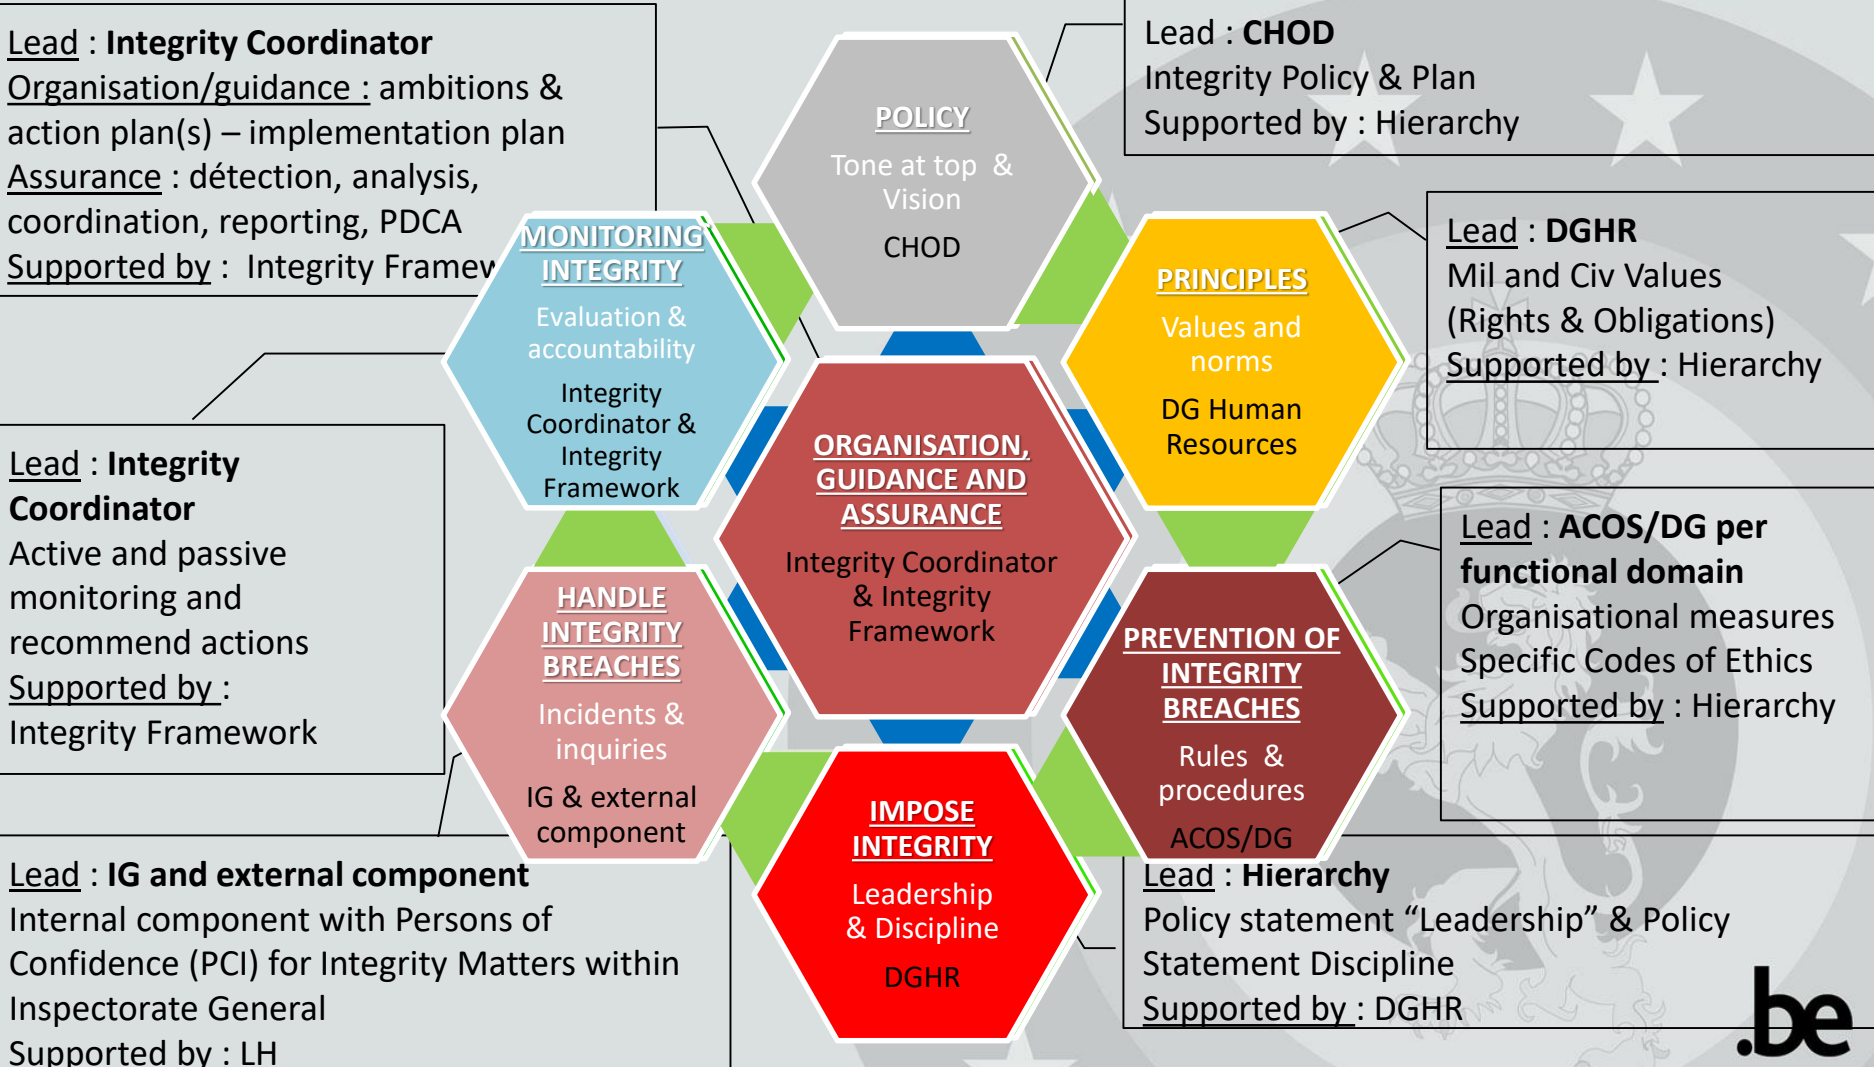

- to **ensure integrity** within the Armed Forces as a whole and in each military or civilian member in particular ...
- by means of **enhanced promotion of the knowledge and application of all values** of the BE Armed Forces.
- to **detect** non ethical behaviour and **correct** it in an appropriate manner by means of **structural and/or individual measures**.
- To help personnel in **handling ethical dilemmas**

DEFENSIE
LA DÉFENSE

The referential framework is composed of 2 parts, one part containing the **core values and its underlying legislation and regulations** on the one hand and on the other hand **all legislation, regulations, rules, doctrines and procedures applicable to the daily functioning** of all personnel within each ACOS, DG or Operational Component within BE Defence.

How does integrity get implemented ? - Actors

In order to perform an integrated and coordinated implementation of a comprehensive and durable integrity policy, a number of **integrity actors** are needed.

➤ Integrity Coordinator

- ✓ Mission = to implement and coordinate the integrity policy as determined by CHOD

➤ Integrity Framework

- ✓ Representatives from Assistant Chiefs of Staff (ACOS) departments, Directorate-General (DG) departments and Component Commanders departments (AIR, LAND, NAVY, MED)
- ✓ Assist the integrity coordinator during the actual implementation phases of the integrity policy

How does integrity get implemented ? - Actors

➤ Persons of Confidence for Integrity Matters (PCI)

- ✓ Constitute the internal component within the BE Armed Forces
- ✓ Alternative for the current external component (external to BE Armed Forces)
- ✓ Will respond to questions regarding suspected integrity breaches
- ✓ Will respond to actual whistleblowing and reporting of suspected integrity breaches (in conformance with applicable legislation)
- ✓ Mandate, role, competence and selection are determined by Royal Decree (in application of a specific law)
- ✓ Are trained to perform their tasks in full confidentiality

➤ **General approach :**

Integrity Policy Plan

- ❑ **Integrity Policy Plan** contains :
 - ✓ Implementation Plan (2019-2022)
 - ✓ Improvement Plan (post implementation)
- ❑ Detailed **action plans** based on specific yearly **ambitions**
- ❑ **Yearly reporting to top management** + continuous communication to all BE Armed Forces personnel
- ❑ **Validation** by top management

Implementation – Status 2019

New Policy Statement on Integrity is part of Policy Handbook CHOD.

Integrity actors are in place, have mandate to perform their tasks.

A portal site « Integrity@Defence » is operational and contains all relevant information including FAQ on integrity.

Implementation – Way ahead – further ambitions (examples)

- Determine, list, standardize (where possible) and facilitate access to the **referential framework** including supporting regulations/legislation providing guidance in ethical behaviour.
- Inform all personnel on the **referential framework** needed for their **daily tasks** and the facilitated access to it in order to provide **daily guidance**.
- Inform all personnel about the **core values** at BE Defence, increase their knowledge of these values and facilitate access to it. « Learning them by heart » is not the objective, « living and applying these values on a daily basis » is.
- List “**vulnerable**” functions, positions and activities (with an increased risk potential toward integrity breaches, conflict of interest, ...) and determine all **necessary measures to increase resistance toward integrity breaches** (code of ethics, ...).
- Education, training and coaching** of personnel to deal with integrity issues and ethical dilemmas
